

## Dustin Pierce, P.L.S. Project Surveyor

**Dustin Pierce, P.L.S.** has over sixteen years of experience in the fields of land surveying, engineering surveying, and construction staking. He was a full time employee with the firm Eastside Consultants for five years prior to joining **Encompass Engineering & Surveying** in 2005, with four of those years as a Party Chief. Since working for **Encompass**, he now manages the surveying field crews.

As a surveyor, Mr. Pierce is responsible for boundary surveys, construction staking, title research and analysis, estate surveys, FEMA elevation certificates, ALTA surveys, conventional survey and Global Positioning System (GPS) data collection and processing, and surveying for engineering design throughout Eastern Washington. Mr. Pierce has continuous involvement, including project management and coordination, in nearly all survey projects at **Encompass**.

Mr. Pierce is experienced with local and regional regulations through his regular involvement and coordination with various public and private agencies such as the Cities of Cle Elum, Roslyn, and Ellensburg, Washington State Department of Fish and Wildlife (WDFW), Washington State Department of Transportation (WSDOT), Central Washington University (CWU), Burlington Northern Santa Fe Railroad (BNSF), Bonneville Power Administration (BPA), Puget Sound Energy (PSE), and various departments at Kittitas County.

### Representative Project Examples

**Bowers Field Airport and Industrial Park** (*Ellensburg*) – Prepare & process data for a comprehensive boundary and topographic survey for street and utility design for County owned airport and industrial park.

**Suncadia and Tumble Creek** (*Kittitas County*) - Topographic surveys for design review and construction of residences within the resort communities.

**City Projects** (*Cle Elum, Ellensburg, Roslyn*) – Boundary and topography surveys, FEMA elevation certificates, ALTA surveys, etc. for both City owned and private property.

**Currier Creek Restoration Project** (*Kittitas County*) – Prepare and process data and maps for creek and riparian habitat restoration project.

**City Heights Master Planned Community** (*Cle Elum*) – Determined boundary, right-of-way, and easements for 358 acre site consisting of 985 dwelling units as well as additional commercial parcels.

**West Ellensburg Park Expansion Project, Phase I & II** (*Ellensburg*) – Grading, utility design, and construction staking for a recreational park, parking lot, and trail within the City of Ellensburg.

**Rosewood Mobile Home Park, Division II** (*Ellensburg*) – Design and construction staking for Umptanum and Bull Road improvements and 107-lot manufactured home project within the City of Ellensburg.

**Timothy Park** (*Ellensburg*) – Design and construction staking for Alder and Helena Street improvements and 56-unit multi-family project within the City of Ellensburg.

**Wheaton Court** (*Ellensburg*) – Design and construction staking for Alder Street improvements and 34-lot plat within the City of Ellensburg.
